

Practical no. 2: Create a webpage with HTML describing your department with following specification:

- a. Change the background color of the page. At the bottom create a link
to take user to the top of the page.
- b. Insert an image and create a link such that clicking on image takes
user to other page.
- c. Also apply font styling like italics, underline and two other fonts to words you find appropriate. Also use header tags.

Code :

```
<!DOCTYPE html>

<html lang="en">

<head>

<meta charset="UTF-8">

<title>Computer Science Department</title>

<style>

    body {

        background-color: #e6f7ff; /* Light blue background */

        font-family: Arial, sans-serif;

        padding: 20px;

    }

    h1, h2 {

        color: #004d66;

    }

    p {
```

```
font-size: 18px;  
line-height: 1.6;  
}
```

```
.highlight {  
font-style: italic;  
font-family: 'Georgia', serif;  
}
```

```
.underlined {  
text-decoration: underline;  
font-family: 'Courier New', monospace;  
}
```

```
.back-to-top {  
display: block;  
text-align: center;  
margin-top: 50px;  
font-size: 16px;  
}
```

```
.dept-image {  
display: block;  
margin: 20px auto;  
width: 300px;  
border: 2px solid #333;  
border-radius: 10px;  
transition: transform 0.3s;  
}
```

```
.dept-image:hover {
```

```

        transform: scale(1.05);
    }
</style>
</head>
<body>

<!-- Top of Page Anchor -->
<a id="top"></a>

<!-- Header Section -->
<h1>Welcome to the <span class="underlined">Computer Science Department</span></h1>
<h2>Empowering Future Innovators</h2>

<!-- Description Paragraphs -->
<p>
    Our department is committed to providing <span class="highlight">high-quality
education</span> and cutting-edge research in computer science and engineering.
</p>
<p>
    We offer undergraduate and postgraduate programs that combine theory with practical skills
in areas like <span class="underlined">artificial intelligence</span>, <span class="highlight">data
science</span>, and <span class="highlight">software development</span>.

<h1>About the Computer Science Department</h1>
```

```
<p>
```

*The **Department of Computer Science and Engineering** is one of the most vibrant and rapidly growing academic units of the institute. It aims to develop future-ready technologists and ethical engineers who can make impactful contributions to the world.*

```
</p>
```

```
<h2>Vision and Mission</h2>
```

```
<p>
```

The department envisions to become a center of excellence in computing education and research. The mission includes:

```
<ul>
```

```
<li>Delivering high-quality and industry-aligned curriculum</li>
```

```
<li>Encouraging research and innovation</li>
```

```
<li>Creating responsible global citizens through ethical learning</li>
```

```
</ul>
```

```
</p>
```

<h2>Academic Programs</h2>

<p>

Programs offered include B.Tech, M.Tech, and Ph.D. in Computer Science. Students gain expertise in key areas such as data structures, machine learning, software engineering, and cloud computing.

</p>

<h2>Research and Innovation</h2>

<p>

With a focus on AI, cybersecurity, IoT, and more, students and faculty publish in top conferences. Advanced labs and funded projects provide exposure to cutting-edge research opportunities.

</p>

<h2>Faculty and Mentorship</h2>

<p>

Experienced and highly qualified faculty members serve as mentors, researchers, and motivators. Their industry experience complements academic delivery, ensuring students are ready for real-world challenges.

</p>

<h2>Student Achievements</h2>

<p>

Our students excel in hackathons, competitive programming, and innovation challenges. Many secure positions at global companies like Google, Microsoft, Amazon, TCS, and more.

</p>

<h2>Industry Collaboration</h2>

<p>

With collaborations from industry leaders, the department provides certification programs, workshops, and internships to bridge academic learning with industry demand.

</p>

Life in the Department

Beyond academics, students participate in coding clubs, tech fests, alumni talks, and mentoring circles. The department ensures all-round development and leadership growth.

Welcome to the Computer Science Department

Empowering Future Innovators

Our department is committed to providing high-quality education and cutting-edge research in computer science and engineering.

We offer undergraduate and postgraduate programs that combine theory with practical skills in areas like artificial intelligence, data science, and software development.

About the Computer Science Department

The **Department of Computer Science and Engineering** is one of the most vibrant and rapidly growing academic units of the institute. It aims to develop future-ready technologists and ethical engineers who can make impactful contributions to the world.

Vision and Mission

The department envisions to become a center of excellence in computing education and research. The mission includes:

- Delivering high-quality and industry-aligned curriculum
- Encouraging research and innovation
- Creating responsible global citizens through ethical learning

Academic Programs

Programs offered include B.Tech, M.Tech, and Ph.D. in Computer Science. Students gain expertise in key areas
